5   HOW TO DELETE THE COOKIES

It is possible, that your browser may be set to automatically accept cookies. However, you are able to manually delete the cookies. We have provided steps on how to delete cookies in Google Chrome below.

How to remove cookies in Google Chrome:

- Open Google Chrome.

- Click on the three dots in the top-right corner of your browser. A drop-down menu will appear.

- Click on Settings in the drop-down menu. Settings will open in a new tab.

- Click on 'Clear browsing data'.

- A new tab will open. The tab will be called 'Basic'.

- It will provide a list of items you can delete e.g., browsing history, cached images, and files, etc. You need to select 'Cookies and other site data'. Choose the time from when you would like to delete your browsing history e.g., all-time, last hour, etc.

- If you have logged into your Gmail account on the device, be sure to sign out, or else the cookies (and possibly history, whichever options you selected) on other devices you are signed into will be deleted too.

- Once you have selected 'Cookies and other site data' and the time range, you can click on 'Clear data'.
